The Epic of the 'Amethyst'

YANGTSE INCIDENT

Lawrence Earl

The story of the 'Amethyst' is too recent and too well known to need recapitulation here, but the *full* story—as told by the men themselves—is related for the first time in this book.
The atmosphere is very vividly conveyed in the incident and dialogue, which is heightened by the many photographs included.

An account of one of the most hazardous small boat voyages ever undertaken in home waters

QUEST BY CANOE

GLASGOW TO SKYE

By Alistair M. Dunnett

There are descriptions of the Highlands and their people and problems: of farming, fishing, and fun; of dances, ceilidhs, local customs, Highland and Hebridean ways; of scattered clans, and camping in desolate but rich glens; of surf-riding in the open Atlantic, and long and lonely sea passages.
